RE: Schulte v. United States, 22-CV-5841-EK-RME ★ JAN 31 2023 ★
BROOKLYN OFFICE

Dear Judge Komitee:

Attached herein is my Fed. R. Civ. P. 41(g) Motion. As I cannot make copies, this is my only copy of the Motion so I request the Court/Clerk to send me a copy once it is docketed to keep for my record and use in my reply. I also remind the Court of delays in sending/receiving mail. Although marked as legal mail, the government always rifles through it and particularly delays motions and court filings to give themselves more time and simply to obstruct and hinder the litigation against them.

Respectfully Submitted,
